| Other instructions | Competition is held according SML's / Snowmobile-Oval rules, this informations and possibly later given instructions. Three first and one randomly selected snowmobile from each raceclass may be referred to technical inspection. | |
| * | Group start. Safety-snowmobile leads group, when safety-snowmobile goes away, flying start. Race is held on Rovaniemi racetrack, and time for run is 1 hour. Pitstop is not necessary. In case of accident Safety-snowmobile enters to track and goes away when track is clear. Try to avoid crashes and 'side-driving'. At the pits refueling and repairing is allowed. Track is made enjoyable to drive. Back straight has some chicanes. One curve is flat, and another is shaped wth snow. Then Main straight is rolling. | |
